Gentle Enough for Children, Powerful Enough for Greasy Engines!!!

Liquid Green cleaners are blended from processed extracts of grains, plants, trees, various vegetables, and gentle surfactants derived from plants. They are formulated for both household and industrial hygienic chores and contain no Dioxane, ethylene oxide or any other cancer-causing chemicals.

USAGE: Instructions are based on **Ready to Use** (RTU) dilutions, unless otherwise noted. Variations in the amounts needed may be due to differences in water quality and hardness. Always test delicate fabrics and other surfaces before using. If using our concentrates please follow the dilution directions on the label of containers that you purchased, or contact us for assistance.

“**Dwell Time**” is used to describe the time needed for our plant based cleaners to penetrate, dislodge, and release dirt and grease, etc. Fresh dirt and grime clean away easily. Dried or hardened grease, grime, oil, and tar spots, etc. need more time. The Instructions given are for average challenges. Please adjust as needed.

HOUSEHOLD APPLICATIONS

Did you know that some of our most potent health hazards are encountered in the kitchen?

CABINETS: Spray **Liquid Green Multi-purpose Cleaner** then wipe with a clean damp cloth.

COUNTERTOPS: To wash away soils and stains, spray then wipe with a damp cloth or sponge. To remove most stains, scrub with a brush or a tuff sponge.

DISHWASHER: Spray **Liquid Green Multi-purpose Cleaner** on a cloth and wipe the exterior.

DRAWERS: Spray **Liquid Green Multi-purpose Cleaner** on a damp cloth. Wipe dry, including the sides.

FLOORS: Use a clean mop or fill your **Swiffer™** reservoir with **Liquid Green Multi-purpose Cleaner** and spray directly on soiled area then mop the floor. For tougher floors, mix two (2) cups of **Liquid Green 721 Cleaner/Degreaser** in four (4) litres of water and mop area. Adjust to increase or decrease soapy content.

RANGE HOOD: Spray then wipe with a damp cloth. If the grease is heavily encrusted, spray **Liquid Green Multi-purpose Cleaner** and allow time for penetration. You may have to scrub with a brush to remove built-up residue. Wipe clean.

STOVE TOP: Spray **Liquid Green Multi-purpose Cleaner** on stove top. Allow dwell time of 1-2 minutes and wipe clean. Burned food needs more time and a bit of scrubbing. Repeat as needed.

DISHES: **Liquid Green Multi-purpose Cleaner** cleans with fewer suds (no phosphates) so you may wonder if dishes are clean. If in doubt, run your finger over a cleaned dish. If it squeaks, it is clean. Spray dishes as soon as possible after use and rinse.

BURNED FOOD: Liberally spray **Liquid Green Multi-purpose Cleaner** in container. Allow dwell time of 15-20 minutes in hot water. Scrape away the burned residue and rinse.

OVEN: Soak racks in hot water with 1 cup of **Liquid Green 721 Cleaner/Degreaser**. Warm the oven to 100 degrees and spray liberally. If there is a heavy build-up of burned food, scrape it off with a stiff brush or spatula and wipe away.

CERAMIC/LAMINATE: Use one cup of **Liquid Green 721 Cleaner/Degreaser** per 4 litre/gallon of warm water and mop or spray on the floor. Use a dry cloth to remove excess moisture.

GLASS FIREPLACE DOORS: To remove the oily buildup, spray while the doors are warm, and wipe with a damp cloth. The cleaner will leave a residue, which can be removed with a warm moist cloth.

GOLF CLUBS: Spray then wipe with a clean cloth.

GUM REMOVAL: From hair: Saturate with **Liquid Green Multi-purpose Cleaner (MPC)** then gently massage gum until it breaks apart. Rinse and comb hair. **From carpet:** Liberally spray the area with **Liquid Green Spot and Stain Remover** then gently massage gum until it breaks apart. Remove with a stiff brush.

HEEL MARKS & SCUFFS: Spray the area with **Liquid Green Multi-purpose Cleaner (MPC)**. Rub with a clean cloth or stiff sponge, repeat if necessary.

OILY SPOTS: Liberally spray **Liquid Green Multi-purpose Cleaner (MPC)** and allow time for penetration until the oil loosens, then wipe/rinse away. Repeat if necessary.

MARKER: (non-synthetic) On hard surfaces, spray and agitate with a stiff brush or damp cloth. Then wipe with a clean cloth.

SILK PLANTS: Take plants outside or place in bathtub and spray with **Liquid Green Multi-purpose Cleaner** and rinse well.

WASHROOMS: Use **Liquid Green Multi-purpose Cleaner** to thoroughly clean sinks, tubs, toilets, walls, faucets, mirrors, floors, Just spray on and wipe. Leaves no fragrance or toxic residue.

INK STAINS, Ballpoint (***non-synthetic ink***): Wet the stain with warm water, Spray with **Liquid Green Spot and Stain Remover** and work into the stain. Pat it with a dry cloth. If it's stubborn, spray again and repeat. If the material is washable, wash normally; if it's non-washable, blot with a damp cloth. **Note: This product works best on organic ink.**

FRUITS AND VEGETABLES:

Liquid Green Fruit & Veggie Wash is a safe, eco-superior cleaner that can dissolve oil and wash away the toxins.

To remove insecticides, pesticides, grime, bugs, wax, any disgusting or unpleasant dirt, spray generously with **Liquid Green Multi-purpose Cleaner**. For apples, carrots, or other hard produce, rub briskly by hand or with a small scrub brush. Dwell time: 30 seconds – 2 minutes. Rinse well under running water. You will be amazed at the amount of residue that is removed.

IMPORTANT: When farmers spray insecticides on fruits and vegetables, they must use oil-based poisons, or the rain will wash it off. **Ordinary “veggie” washes cannot dissolve oil, so to avoid ingesting poisonous chemicals, try our Fruit and Veggie Wash.**

TOYS: Spray generously. Allow a few minutes to loosen any dirt/grime, wipe with a damp cloth or wash in the sink in a mixture of one cup **Liquid Green Multi-purpose Cleaner** per gallon of warm water. Rinse and dry.

SPONGES: Saturate for several minutes. Rinse well.

GRILLS: Spray generously with **Liquid Green Multi-purpose Cleaner**, allow time for penetration then scrub with a stiff brush, repeat if necessary. If the grill has been neglected for a long time, use **Liquid Green 721 Cleaner/Degreaser** for best results.

PAINT CLEAN UP: While the paint is fresh, spray and wipe with a clean cloth. If on carpet, do not rub. Spray and pat it with a clean cloth.

PLASTIC, (BURNED ON): This is a tough job. Spray thoroughly and let dwell until it dissolves. Scrub diligently, rinse and repeat until you're satisfied.

PRINTING INK: Spray the areas to be cleaned, and let dwell until the ink softens. Wipe with a damp cloth. Printers use either organic or inorganic ink. **Our Multi-purpose Cleaner or Spot and Stain remover** works well on these.

TOBACCO/NICOTINE STAINS: For ashtrays, walls, any hard surface, and fabrics use **Liquid Green Spot and Stain Remover** and spray generously on soiled area. Pat the stain away with a wet cloth. To remove stains on walls, doors, tables, etc. spray directly on stain, dwell time varies. Wipe with a damp cloth.

DRIVEWAYS & GARAGE FLOORS: Wet with hot water and spray **Liquid Green Multi-purpose Cleaner** on stains. Let dwell until oil is dissolved then agitate with a stiff broom. Rinse and repeat if necessary.

FENCING: Hose with water. Add 4 ounces **Liquid Green Multi-purpose Cleaner**, per gallon of water. With a stiff brush rub briskly and rinse. When using a pressure washer, use half the concentrate.

MISCELLANEOUS USES

CAULKING (DRIED): Spray area. Allow moderate dwell time, then wipe with a damp cloth.

CLOSETS: Spray shelves, walls, and floors with **Liquid Green Multi-purpose Cleaner** and wipe clean.

CRAYON: Spray and let it dwell until it becomes soft. Remove with a damp cloth or sponge. On painted walls, test the paint's durability in a hidden area. If no paint is removed, spray **Liquid Green Multi-purpose Cleaner** on a damp cloth and rub gently. If you rub too hard you may rub the paint away. Wipe away with a clean, damp cloth.

DENTURES: Soak a few minutes in **Liquid Green Multi-purpose Cleaner** and rinse well.

DIAPER PAILS: Spray generously. Allow dwell time of 5 minutes. Wipe or rinse.

DOORS AND FRAMES: To clean fingerprints, spray directly on area and wipe clean. To remove heavy dirt and grime, allow additional dwell time. Wipe with a damp cloth or sponge.

SOOT: Wipe or rinse away loose soot then spray liberally. Repeat if necessary.

SMOKERS: Some smokers report that a touch of **Liquid Green multi-purpose Cleaner** on their toothpaste removes stains from their teeth over time.

VENTS: If removable, remove and spray with **our Multi-purpose Cleaner**, leave for a few minutes, rinse or wipe clean; if vent is non-removable, spray on a damp cloth and wipe clean.

FANS (CEILING & FLOOR): Turn off. Spray **Liquid Green Multi-purpose Cleaner** on fan blades and wipe with a clean cloth. Spray a damp cloth and clean the motor housing then rinse with a second damp cloth.

SEPTIC TANKS: Regular use of **our 721 Cleaner/degreaser** in baths, laundry, and kitchen keeps sewer lines free of soap and grease build up, which prevents the expense of septic tank cleanouts.

UPHOLSTERY: Test in a concealed first then spray **Liquid Green Multi-purpose Cleaner** on a cloth and wipe the area to be cleaned. If it's very dirty or greasy, scrub with a dampened brush or terry cloth. Then wipe with a damp cloth.

STUCCO: Wet the area then spray **Liquid Green Multi-purpose Cleaner** thoroughly, and scrub with a stiff brush or broom then rinse.

BATH & TILE CLEANER

Liquid Green Multi-purpose Cleaner will keep your bathroom, shower, toilets and sinks hygienically clean and sparkling.

BATH MAT: Spray both sides. Dwell time: 45 seconds. Agitate with a stiff brush or sponge. Rinse. Allow more dwell time if heavily soiled.

FLOOR TILE: Sweep first then spray generously. Use a soft brush to agitate the grout. Wipe with a damp cloth. Admire the difference.

MARBLE/GRANITE: Spray generously and wipe with a wet cloth, then dry and buff to a shine.

SHOWER DOOR: Spray then agitate with a wet cloth or brush. Rinse clean.

SINKS & FAUCETS: Spray. Dwell time: 30 seconds. Wipe with a damp cloth or sponge. If heavily soiled or crusted, agitate with a brush. Rinse and wipe faucets with a dry cloth for a sparkling shine.

SOAP SCUM: Wet the area with warm water then spray. Dwell time: 60 seconds. Rub with a cloth or stiff scour pad.

TOILET: Spray the bowl and all surfaces. Scrub the bowl with a brush. Dwell time: 60 seconds. Add two (2ozs) ounces of **Liquid Green 721 Cleaner/Degreaser** for a more hygienic rinse. You can also add same to the tank.

SPA: Add 2 litres of **Liquid Green Multi-purpose Cleaner** per 50 gallons of water. To enhance proper hygiene of the circulation system.

BED BUGS: Liquid Green BugShot is an excellent alternative to the many toxic insecticides. Effective against ants, bed bugs, cockroaches and other household insects.

TUB & SHOWER: Wet sides of shower and tub. Spray **Liquid Green Multi-purpose Cleaner** on all surfaces. Dwell time: 60 seconds. Scrub with a brush or cloth, or spray the walls before your shower. Afterwards, wipe the walls dry.

SEWER DRAIN: Regular use keeps drains free of soap and grime build-up. If they become plugged, pour 1 or 2 cups **Liquid Green 721 Cleaner/Degreaser** down the drain. **Note: Liquid Green 721 Cleaner/Degreaser** will **not** remove hair or sanitary napkins. You will have to use a corrosive product or call a plumber for assistance.

LAUNDRY

Liquid Green Laundry Soap is not a detergent. *It is a plant-based solution formulated to remove dirt and odour and to help maintain good hygiene during a laundry cycle. No phosphates, triclosan, bleach, ammonia, 1, 4-Dioxane, Ethylene oxide, fragrance or any toxic ingredient that may cause harm to humans, pets or the environment are in any of our products.* For a regular average load, use one cup of **Liquid Green laundry Soap**, add more if heavily soiled or you have hard water. For whiter whites, simply add ½ cup baking soda or natural borax. **Note:** Washable silks should be washed on a gentle cycle.

FOR ORGANIC STAINS: spots, and sweaty areas wet then spray with **Liquid Green Spot & Stain Remover** Let it dwell, then agitate until the spot or stain is gone, wash normally.

HYGIENIC HAND CLEANSER

With the recent world pandemic caused by COVID-19 virus, everyone has become more health conscious. We are concerned about the hand washing habits of the general public. Recent studies have shown that the COVID-19 virus can remain on surfaces for extended periods of time. Studies have also shown that significant amounts of fecal matter in public areas ranging from restrooms, bowling balls, theater seats to shopping carts have become a major public health concern. In order to practice good hygiene and reduce the spread of contaminants, we highly recommend carrying a small bottle of **Liquid Green Hygienic Hand Cleanser** to wipe all surfaces before touching.

SHAMPOO & SHOWER: The versatility of our **Multi-purpose Cleaner** is simply amazing. Ran out of soap/shampoo? **No problem!** Just pour some in your hands and like any other shampoo it will clean your scalp. Do the same in your washcloth and feel the difference when you rinse. It has few suds but it's very effective.

LICE CONTROL: Wet hair with warm water, pour **Liquid Green Lice Out** shampoo in hand and thoroughly massage hair and scalp for a few minutes. Rinse well with warm water.

SHAVING: To soften whiskers, squirt some **Multi-purpose Cleaner** into your hand and apply directly to whiskers. It is a remarkable beard softener. Rub to create normal lather before shaving. No after-shave lotion is needed. Ladies use it to shave legs, and acne victims wash your face to keep pores clean.

AUTO DETAILING

AUTOMOBILE CARPETS: For spot and stain removal, spray until moist. Dwell time: 1 or 2 minutes. Pat the stain with a clean wet cloth. Rubbing spreads the stain to close fibers. Vacuum or use a dry cloth to remove moisture. **NOTE:** Thoroughly clean excess residue to prevent further staining.

AUTO, BUSES AND TRUCKS: Dilute **Liquid Green 721 Cleaner/Degreaser Concentrate** to RTU, *(see label for instructions.) dilution can be used in bucket or power wash.*

BUG STAINS: On auto exterior, spray with water then with **721 Cleaner/Degreaser Concentrate** Dwell time: approx. 1 minute. Some dried bugs will melt away. Wipe them away with a soft wet cloth. Depending on the type of bug, spray and scrub as needed. Rinse **solution thoroughly. NOTE: do not mix stronger than recommended or it could dull some finishes.**

DIESEL STAINS: Diesel stains are tough. Wet with hot water and spray generously with **721 Cleaner/Degreaser Concentrate**. Allow time for penetration. Scrub with a brush and repeat until stains are gone.

BRAKE DRUMS: Spray brake drums with **Liquid Green Multi-purpose Cleaner** Dwell time: 2 minutes, wash off. Repeat if necessary.

ENGINES: Hose off the warm engine then spray with **Liquid Green Multi-purpose Cleaner** and let dwell until grease is dissolved. Agitate with a stiff brush and rinse with strong water pressure. Repeat if necessary.

BICYCLES, MOTORCYCLES: Spray the fenders, frame, and handlebars. Wipe then rinse and buff dry with a cloth. For greasy, gummy tire axles, rinse and spray **Liquid Green Multi-purpose Cleaner**. Allow several minutes for penetration, rinse away the grease.

BOATS: To remove carbon, oil, diesel grime, bird droppings, and scum from fiberglass and vinyl seats, spray with **Liquid Green Multi-purpose Cleaner** and rinse well. Dry with a soft cloth.

MOBILE & MOTOR HOME EXTERIOR: Spray the exterior with water. Add 8 ounces of **Liquid Green 721 Cleaner/Degreaser Concentrate** to 4 gallons of water. Dip brush into the solution and brush onto the surface. Scrub stubborn spots. Rinse with clean water. Use half as much solution in a power washer.

GREEN MOLD ON MOBILE HOME METAL: Use 1 cup **Liquid Green 721 Cleaner/Degreaser Concentrate** to 1 gallon water. If needed, spray, scrub and rinse again.

DECKS (wood): Add one cup of **Liquid Green 721 Cleaner/Degreaser Concentrate** per gallon of water and scrub with a stiff brush. If using a pressure washer, use half as much.

DRIVEWAYS & GARAGE FLOORS: Wet area with hot water and spray **Liquid Green Multi-purpose Cleaner** on stains. Let dwell until oil is dissolved then agitate with a stiff broom. Rinse and repeat if necessary. For thick oil, **Liquid Green 721 Cleaner/Degreaser Concentrate** is recommended.

FENCING: Hose with water. Add 6 ounces **Liquid Green 721 Cleaner/Degreaser Concentrate** per gallon of water. With a stiff brush, rub briskly and rinse. When using a pressure washer, use half the concentrate.

CHROME: To remove bugs, spray generously. Dwell time: 2 minutes. Wipe with a wet sponge or cloth.

TAR: Tar is difficult. Soak the tar with a **hot** wet cloth or sponge, then spray with **Liquid Green Multi-purpose Cleaner** Dwell time: 5 minutes. Repeat as necessary then wipe with a hot wet cloth, or rinse with warm or hot water.

GASOLINE: Spray **Liquid Green Multi-purpose Cleaner** generously, and agitate with a brush watch how the non-toxic green cleaner breaks down this chemical, rinse away. For oil spill around your boat, generously spray **Liquid Green Multi-purpose Cleaner** on the spill.
